New Year. We are proud to be your partners. We praise you,

Our God, we pray on Rosh Hashanah to continue your work in the

world. We call on us to be good to each other and to make the world better.

Since then and forever after, we humans continue God's work. God

people to live in the world, to care for the plants and the animals.

there were no people, and the world was a lonely place. So, God made

polar bears, panthers, and pine cones, eagles, egrets, and ants. But

On Rosh Hashanah, God made the world. God placed it pandans and

alike, cared for us and helped us to reach this New Year. Amen.

We praise You, Eternal God, Ruler of the world. You have kept us
